Subject: Contract N62470-89-D-4814
Navy CLEAN, District III
Contract Task Order (CTO) 133
Final Supplemental Aquatic Survey for
Wallace Creek and Bearhead Creek
Operable Unit No. 2
MCB Camp Lejeune, North Carolina

Dear Ms. Saksvig:

Enclosed are three copies of the Final Supplemental Aquatic Survey for Wallace Creek and Bearhead Creek. Comments submitted by the North Carolina DEHNR and EPA Region IV have been incorporated into this document. A conference call was conducted on August 4, 1994 between Mr. Thomas Biksey (Baker), Mr. David Lilley (DEHNR), and Mr. Kevin Koporec (EPA) to resolve all outstanding issues. A copy of the Phone Report is attached. Also attached is a copy of a letter signed by Mr. Robert Warren (MCB Camp Lejeune EMD) which documents the most probable exposure scenario involving fishing in Wallace Creek. This letter was requested by the DEHNR in order to support the exposure scenario developed by Baker.

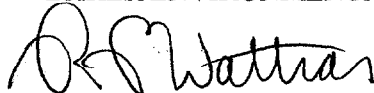

Copies of the referenced report have been forwarded to the Activity (Mr. Neal Paul), EPA Region IV (Ms. Gena Townsend), and the North Carolina DEHNR (Mr. Patrick Watters and Mr. Rick Shiver).

This submittal completes the scope of work under this CTO.

If you have any questions, Please do not hesitate to contact me at (412) 269-2016.

Sincerely,

BAKER ENVIRONMENTAL, INC.

Raymond P. Wattras
Project Manager
